PROFESSIONAL PROFILE

Results-driven Senior Data Analyst with over eight years of experience transforming complex datasets into actionable business insights. Proven track record in building scalable BI solutions, leading cross-functional analytics projects, and communicating findings clearly to non-technical stakeholders at board level. Adept in Python, SQL, and Tableau, with a growing interest in machine learning applications within commercial settings.

CORE SKILLS & TECHNOLOGIES

Data & Analytics	Python (pandas, NumPy, scikit-learn), SQL (PostgreSQL, BigQuery), R
Visualisation	Tableau, Power BI, Matplotlib, Seaborn, Looker
Engineering	dbt, Apache Airflow, Spark (basics), Git, Docker
Collaboration	Jira, Confluence, Slack, Jupyter Notebooks, Google Workspace
Soft Skills	Stakeholder management, data storytelling, mentoring junior analysts, agile working

PROFESSIONAL EXPERIENCE

Lead Data Analyst · Apex Financial Services, Bristol

Jan 2022 – Mar 2026 | Bristol (Hybrid)

- Designed and maintained an executive KPI dashboard in Tableau consumed by C-suite stakeholders weekly, reducing reporting cycle time by 40%.
- Led a team of four analysts, conducting regular 1-to-1s, setting quarterly OKRs, and managing sprint planning in Jira.
- Developed an automated anomaly-detection pipeline in Python (scikit-learn + Airflow), identifying £1.2M in fraudulent transactions in its first quarter.
- Partnered with the Data Engineering team to migrate legacy reporting infrastructure from Excel to a dbt + BigQuery stack.
- Presented quarterly business reviews to the CFO and board, translating complex model outputs into commercial narratives.

Data Analyst · Greenbridge Consulting, London

Sep 2018 – Dec 2021 | London / Remote

- Built client-facing analytics products for FMCG and retail clients, incorporating customer segmentation, basket analysis, and churn modelling.
- Wrote and optimised complex SQL queries against multi-billion row datasets, improving average query runtime by 60%.
- Mentored two junior analysts and delivered internal Python training workshops attended by 30+ colleagues.
- Automated monthly client reporting using Python (pandas + openpyxl), saving approximately 12 analyst-hours per month.

Junior Data Analyst · DataBridge Ltd, Bristol

Jul 2016 – Aug 2018 | Bristol

- Supported senior analysts in data cleaning, exploratory analysis, and report generation for public sector clients.
- Created interactive dashboards in Tableau for NHS trust performance monitoring projects.
- Managed data collection pipelines and maintained data quality documentation.

EDUCATION

MSc Data Science · University of Bristol

2015 – 2016 | Distinction

BSc Mathematics & Statistics · University of Exeter

2011 – 2014 | First Class Honours

A-Levels: Maths (A*), Further Maths (A), Physics (A) · St Mary Redcliffe Sixth Form, Bristol

2009 – 2011

CERTIFICATIONS & PROFESSIONAL DEVELOPMENT

- Tableau Desktop Specialist (Salesforce, 2023)
- Google Professional Data Engineer (2022)
- dbt Analytics Engineering Certification (2023)
- AWS Cloud Practitioner (2021)
- Royal Statistical Society — Graduate Statistician (GradStat, 2017)
